## Little Things of Life

A letter arrived in Hamilton, Ont., from Holland, addressed to the postmaster.

Inside was a family photograph taken on the veranda of a house. The house number showed in the picture.

"Would the postmaster arrange to deliver an enclosed letter to those people?" the letter asked.

The identity of the family was established in 20 minutes and the letter was delivered by special messenger today.

In Savannah, Georgia, Mattie I. Love has filed suit for divorce. She claims her husband, Natural Love, deserted her.

Allergy, schiller, says newspaper editor Fred Runyon, what's to do?

Runyon, who works for a Pasadena, Calif., paper, is in hospital for asthma. He is allergic, doctors have told him, to blue grass, cats, dogs and printer's ink and newspaper.

A pretty former Toronto model, Helen Ellison, today filed notice of a suit for \$85,000 damages against Virgil Barkman and Herbert Vickers, named as driver and owner of an auto which struck her Jan. 30, 1949.

Barkman served 21 days and was fined \$100 for leaving the scene of the accident in which William Miller, Miss Ellison's boy friend, was killed.

**Picked Up In Passing**

Fred Stroh was convicted today of the brutal sex slaying of six-year-old Linda Joyce Gifford in Los Angeles last Nov. 14. The 65-year-old, shifty-eyed baker said, in a signed statement, he choked, stabbed, hacked and bludgeoned the little girl when she resisted his fondling advances.

A talking dog has turned up in Ceres, Scotland. Elderly Mr. and Mrs. David Beattie said their four-year-old Pekinese, Blackie, has been talking since he was 15 months old. His vocabulary consists of "No, No, No, No; Yum, Yum, Yum, Yum."

An Atheists' and Agnostics' Club has been formed by students at Queen's University at Kingston, Ont. About 15 students attended the organizational meeting last night. A similar attempt at University of Toronto last week failed.

Quentin Reynolds, foreign correspondent and author, today filed a \$500,000 libel suit against columnist Westbrook Pegler. Reynolds based his suit, filed in New York, on Pegler's Nov. 29 column which criticized Reynolds' review of a biography of the late Heywood Brown, founder of the American Newspaper Guild.

Food Minister John Strachey of England today announced temporary increases in bacon and candy rations with the bacon ration becoming effective Jan. 29.

A Winnipeg mother of seven children was sent to jail yesterday for six months after she admitted selling a fur furniture to buy opium. Mrs. Rebecca Jart, 42, admitted spending all her social welfare money on dope. The children were turned over to the Child Welfare Department.

Tiger Goldstick is a schmo.

## CBC Names Judges In Songwriting Test

MONTREAL, Jan. 20.—(CP)—Four prominent Canadian musicians have been named to judge the \$2,500 Canadian song writing contest sponsored by the Canadian Broadcasting Corporation's International Service, it was announced today.

They are: Sir Ernest MacMillan, president and dean of the faculty of music, University of Toronto; George Lambert, vocalist and music teacher, Toronto; Claude Champagne, composer and assistant director, Conservatory of Music, Montreal; Jean Beaudet, pianist and orchestral conductor, Montreal.

Dr. M. H. Row, president of the CBC International Service, said the competition opened last Oct. 17 in an endeavor to secure valuable settings of words by Canadian poets.

Prizes of \$250 for each of the best 10 songs will be offered performance rights for first presentation of the winners' compositions by the international and national service of the CBC. Rights of subsequent presentations will remain the property of the composers.

Before the arrival of Europeans, the number of Indians in Canada is believed to have been less than 200,000.

**WEST JASPER PLACE VOTE**

**Tough Problems Facing New Village Councillors**

The new West Jasper Place village council is going to face a most difficult job when it comes into office no matter which trio of eight candidates is elected on Jan. 23.

Last night the voters of the village wound up their pre-election campaign before a packed house at Canora School.

In general they agreed that the new council would almost immediately have to find ways and means to provide adequate police and fire protection.

It must also get busy on sewer and water systems.

And high on the list of hurdles was the recognized public demand for readjustment of taxes and re-arrangement of property.

The council will also have to cope with such problems as school zone safety signs, garbage disposal, including the question of a dumping ground, speakers relieved.

**NO MONEY IN TILL**

And before many weeks have passed it will have to find an estimated \$200,000 for the school board. Work part of it, all speakers pointed out, the council is going to have to find.

There will be no money in the village coffers when it takes over the village of Jasper. It has, however, 20,000 feet of lumber to build a new village hall, people

IT LOOKS simple but it took a lot of willpower on part of three-year-old Dickie Miller of Colowar, Neb., to master art of picking up marble with toes. He's been in polo ward of Omaha hospital since last year, paralyzed from waist down. He's celebrating third birthday this week.

## South Indians Suffer As Cold Weather Hits

LETHBRIDGE, Jan. 20.—(CP)—Indians on the Blood Reserve near Cardston, Alta., "are going to feel the pinch" if severe weather continues, Superintendent Ralph Ragan of the Blood Indian Agency said today.

Mr. Ragan said that the cold spell for more than a month had been "hard on the Indians." Many ran short of food and fuel, and the ration lines were issued in many cases.

The Indian cattle suffered but Mr. Ragan said there is no shortage of feed.

"Our problem is similar to that of cattle men all over the south—either getting to the feed or getting the cattle to the feed."

Every Tuesday meat, flour and coal rations are handed out to old people, widows and others who are "really destitute."

"During the cold spell the Indians 'stayed at home,' he said. They burned up everything in an effort to keep them warm. Many still live in tents, claiming they are warmer than shacks."

**EMERGENCY SESSION**

The council of 14 chiefs has called an emergency meeting of all Indian ranchers in an effort to make sure that all cattle owners on the reserve have sufficient feed.

Recently a central feed lot for cattle whose owners are out of feed was established at Standoff, Alta., where a large stock of hay is kept. Mr. Ragan said there is sufficient hay scattered throughout the reserve, the main problem is to get it to the Indians.

Indian riders are out every day checking fences in an effort to locate strays or find cattle that have been neglected.

He suggested the whole thing would be self-liquidating with the Dewdney group—or any other group building it—undertaking to erect the structure and adjacent facilities and rent to individual occupants.

Department state space also could equal the total now provided by the city's three largest stock combined, he contended.

**The Bulletin's Travel Guide**

CP—Train No. 1 from Montreal, seven hours and 10 minutes late, arrived at 4:30 p.m. today. The train was delayed by a snowstorm.

CP—The train from Vancouver arrived at 8:15 a.m. today. The train was delayed by a snowstorm.

CP—The train from Seattle arrived at 8:15 a.m. today. The train was delayed by a snowstorm.

CP—The train from Omaha arrived at 8:15 a.m. today. The train was delayed by a snowstorm.

CP—The train from Lincoln arrived at 8:15 a.m. today. The train was delayed by a snowstorm.

## Battles and Beards Top Training Plan

Wainwright Exercise Sees Officer-Commanding 'Wounded'

A "wounded" commander of a battalion group striking force, and a split in military thought on the subject of year-end for beards, yesterday featured the field-battle and word-battle in "Exercise Hoarfrost" at Wainwright Military Camp.

In simulated battlefield exercises the officer-commanding Canforce was knocked out of action and evacuated down the line to base hospital by jeep ambulance of the RCAMC.

The commanding officer was immediately replaced by Maj. H. F. Cutten, second in command of the unit.

Umpires travelling with the war training game declared the "enemy" strong enough to win the battle, but the Canadian army's draw of Col. D. C. Cameron's forces.

The "enemy" garbed in white camouflage uniforms were unseen and struck suddenly from winter background ambush.

**BISHOP DROPS IN**

Orders issued Jan. 13 permits officers and non-commissioned officers to grow beards experimentally to see if shiruberry helps in winter fighting efficiency at the winter indoctrination school.

Normally beards in the army are taboo but Wainwright is the rebel in Canada, and the experiment will be carried out.

Another major notable attraction to the large training camp is Archbishop Maurice Roy of Quebec, bishop ordinary of the Canadian armed forces, who arrived there for a two-day inspection of West-Can Command's winter training program, now in its 17th day.

He was accompanied by Major L. H. Risa, senior Roman Catholic chaplain for Western Command.

Before returning to Edmonton, Bishop Roy will confer with Maj.-Gen. M. H. S. Pen-ney, general officer commanding Western Command, and visit troops as they practise their rigorous Arctic training.

The training exercise, "Exercise Hoarfrost," is the Canadian army's dress rehearsal for the giant Canadian-American winter training maneuvers to be held next month in the Yukon.

**Bang, Bang, Bang**

MEMPHIS, Tenn. (UP)—Mrs. Byrd's family, watching a western movie on television, were startled to hear shooting in their rear. Then Mrs. Byrd remembered. Chestnuts in the oven were popping like firecrackers.

**Hefty Burglary**

MINNEAPOLIS.—(CP)—A master burglar lugged away 30 pounds of pennies from the apartment of Mrs. Marion Hubbs. She said it amounted to about \$57.

**Poultry Producers Ask Cut in Chick Purchase**

To meet the threat of poultry producers' financial losses, due to collapse of the British market and existing surplus, a 10 per cent marketing of flocks and a reduction of 10 per cent in chick purchases is recommended by Alberta Poultry Federation.

The federation's annual meeting held in the Legislative Building by 12 delegates representing Alberta producer organizations under chairmanship of re-elected president H. Pegg.

Remainder of the Federation executive-re-elected were Eric Trika, president; H. G. Tester, second vice-president.

Mrs. J. Roberts was appointed secretary. The federation announced in its decision to the phased it was intended only as a suggestion for guidance under the present market conditions.

The federation again stressed its urgent need for establishment of a national poultry board supported by provincial poultry boards as a means of orderly domestic and foreign marketing of poultry and poultry products.

Fears were expressed that over-accumulation of stock would allow processors to collude with foreign buyers to compete with fresh grade A's and that the result would be destruction of confidence on the part of the consumer. A resolution to the effect was forwarded to Ottawa.

**Police Find Missing Boy**

CLOVE VALLEY, N. Y., Jan. 20.—(UP)—State police today found seven-year-old David Barry in a sledge on a farm near his home. He was alive, police said, but suffering slightly from shock and exposure.

The boy told weary searchers who had been hunting for him for 19 hours that he spent the night in a shed while the temperature outside hovered at two degrees above zero.

An ambulance was sent to take him to a Poughkeepsie hospital for treatment.

**Chaos In Agriculture Forecast By Premier**

SASKATOON, Jan. 20.—(CP)—Premier T. C. Douglas last night predicted chaos in marketing of agricultural products if the federal government proceeds with a plan to leave marketing in the hands of the provinces.

The Saskatchewan leader told 500 persons at the annual shareholders convention of the Saskatchewan Federal Co-operative that his government doubts the constitutionality of any attempt to delegate the task of seeking foreign and interprovincial markets to provincial marketing boards.

He said that it is for this reason Saskatchewan has called for a Supreme Court test of last spring's ruling of the National Products Marketing Board.

"Even if we had the power to set up marketing boards for this purpose in each province, how can we be expected individually to

find markets in these days of bilateral agreements with their problems of currency and exchange? Surely that is the function of the national government."

Indiana has one of the highest state liquor taxes in the nation—\$2.06 per gallon.

### RED DEER COW TOPS

WE MADE IT! Frieda Ahrens smiles triumphantly after father's Holstein cow, Nora, set new western Canadian milk production record at Red Deer last night. Nora just looks bored after producing year's total of over 14 tons of milk.

## More Milk Than Objective Makes Nora Real Champion

By Stanley Burke  
Bulletin Staff Writer

RED DEER, Jan. 20.—It was a big night for Nora.

But Hans Ahrens' new western Canadian champion milk producer was obviously bored by all the fuss when 60 farmers, friends, officials, radio men and newsmen crowded into her little barn last night to see her smash the record.

W. de GRAVES  
... Edmontonian dies.

## Gov't Official Bill de Graves Dies in Ottawa

Former executive editor of the Edmonton Bulletin, William A. de Graves died in an Ottawa hospital last night after a brief illness.

Mr. de Graves, aged 62 years, joined the staff of the Edmonton Bulletin in 1925.

He served in the capacity of managing editor until the outbreak of the Second World War when he was recommended as a Major and formed a unit of the Royal Canadian Service Corps here, later going overseas.

Mr. de Graves was his commission in the First World War, enlisted as a private in the Canadian army and moving up to the rank of field officer.

On his return from overseas in the Second World War Mr. de Graves rejoined the Bulletin as executive editor until 1946 when he was appointed one of the five commissioners of the War Veterans' Allowance Board, with headquarters at Ottawa.

SUFFERED SEIZURE  
He entered the hospital a few days before Christmas and was released after a few days. Early yesterday he suffered a heart seizure and was readmitted to the hospital.

He played an active part in affairs of the Canadian Legion in Edmonton and was a chairman of the Poppy Fund Committee for a long time.

He was also one of the original organizers of the Corps of Commissionaires auxiliary police force in Edmonton, composed entirely of war veterans.

Mr. de Graves took an active part in the Elks organization here and was at one time an exalted ruler in Alberta.

He was a member of the Presbyterian Church.

Born March 22, 1887, Mr. de Graves was a native of Australia, and received his formal education at the University of Melbourne before coming to Canada at the turn of the century.

Surviving are his mother in Vancouver, and George, Edmonton.

His two sons, Mr. and Mrs. Magnus Ahrens, are living in the Red Deer district.

His daughter, Mrs. Ken Purdy and Mrs. H. Wansell, Edmonton and two daughters, Harry, retired and a former alderman of Vancouver, and Jack, a former Vancouver fire chief, now in Abbotsford, B.C.

His twin sons, Mr. and Mrs. Magnus Ahrens, are living in the Red Deer district.

His daughter, Mrs. Ken Purdy and Mrs. H. Wansell, Edmonton and two daughters, Harry, retired and a former alderman of Vancouver, and Jack, a former Vancouver fire chief, now in Abbotsford, B.C.

His twin sons, Mr. and Mrs. Magnus Ahrens, are living in the Red Deer district.

## MAYOR CHARGES BOOKIES GET PHONES FIRST

YANCOOVER, Jan. 20.—(UPI)—The charge was made in Vancouver today that bookmakers were getting telephone numbers first.

This accusation was made by Mayor Charles Thompson, first witness for the city in the continued hearing of the B. C. Telephone Company's case.

Mayor Thompson wanted to know how bookies got priority. The question remained unanswered.

On her final day, the producer 74 pounds, the highest production of any day since she has been in the Ahrens herd.

UNUSUAL LACTATION  
Her performance was "astounding," said V. Williams, Dominion record of performance inspector.

"I have never before heard of a cow finishing her year's lactation with such production," he said. "Usually a cow's production drops off markedly toward the end."

Her performance was even more amazing, the livestock men said, because a year ago Nora became the proud mother of twins.

She had just recovered her strength nicely by last summer when drought struck and she was hard put to live off the parched pastures.

Next year farmer Ahrens hopes Nora may make a bid for a national or world championship.

The Holstein six-year-old comes from an honored family. Her sire was Stockade Sir Inks May Picotie and her grandfathers were Meeting Creek Korndyke Harting and Carleton Challenger, two of the most famous bulls ever known in Alberta.

Her great-grandfather Sir Inks May, one of the greatest bulls of all time.

NATIVE OF GERMANY  
Daytime Ahrens has lived 21 years in the Red Deer district.

He is a native of the province of Schleswig-Holstein, and has worked with Holstein cattle since the age of five.

His twin sons, Mr. and Mrs. Magnus Ahrens, are living in the Red Deer district.

His daughter, Mrs. Ken Purdy and Mrs. H. Wansell, Edmonton and two daughters, Harry, retired and a former alderman of Vancouver, and Jack, a former Vancouver fire chief, now in Abbotsford, B.C.

## Trade Loss Blame Is Laid on Farmer

### Grain Head Says Insistence on Government Monopoly Damaging

WINNIPEG, Jan. 20.—(UPI)—President Stanley N. Jones of the Winnipeg Grain Exchange yesterday blamed Canadian farm leaders for the loss of British and other nations' import markets.

Jones said the leaders must accept full responsibility for the loss because of their insistence on continued government monopoly of wartime marketing.

He said hopes were high at the end of the war for a return to the free market economy, but farm leaders of their successors exerted every pressure for monopoly in the hands of the government.

The grain exchange president said leaders of western pools and the Canadian federation of agriculture were quick to take credit for the institution of the method of marketing by government control.

He said they now were trying to place the blame for its failure upon the shoulders of the government.

Referring to the international wheat agreement, Jones said free traders are now confidently predicting that it will suffer the same fate as the British contract.

## Aid-To-Korea Bill Downed

WASHINGTON, Jan. 20.—(UPI)—The House rejected yesterday 193 to 190 the administration's \$200,000,000 Aid-to-Korea bill in the first congressional showdown of a major administration foreign policy measure since 1939.

The action, a shock to Democrats who had confidently predicted its passage, came after a year of heated debate during which Republicans attacked the administration's Far Eastern policy.

A GOP group led by Rep. John M. Vorys of Ohio, said the bill would be "money down a rabbit hole" because Communists might overrun U.S.-controlled South Korea "at any time."

Officials of the House Foreign Affairs Committee said it was the first time since the House of Representatives has rejected a major administration foreign policy measure since the apex embargo vote in 1939.

## Toronto Idle Seek Relief

TORONTO, Jan. 20.—(CP)—A delegation from the union of unemployed workers, headed by George Prager, organizer, and Charles Wain, secretary, approached Premier Frost of Ontario today urging that the Ontario government institute immediately a program of cash relief for unemployed.

The delegation asked \$11 cash weekly for single unemployed and \$20 a week for married men, plus \$250 for each child.

## Aussies May Sell Wheat To Spain

OTTAWA, Jan. 20.—(UPI)—Australia has emerged as a possible competitor to Canada in the new-found Spanish wheat market.

A statement issued by Australian High Commissioner Francis Forde revealed that Australia has 100,000,000 bushels of wheat available for export and has received inquiries from Spain about possible purchases.

Spain wants to buy Australia wheat and will pay for it, if necessary, in dollars, the statement said.

Three Spanish freighters are due to Halifax this weekend to load the 25,000 tons of wheat Spain recently bought in Canada. It marked the first wheat sale to Spain in over 10 years.

EDMONTON BULLETIN, Friday, January 20, 1950

## MERCY TREK SUCCESS, WOMAN IN HOSPITAL

CHILLIWACK, B.C., Jan. 20.—(UPI)—A seriously ill woman was in "fair" condition in Chilliwack hospital today after being brought from an isolated farm home over snow-covered roads in freezing rain by provincial police last night.

It took Constable H. Glick and Game Warden A. Butler more than six hours to make their way to the home of Mrs. H. J. Gleditsch on the McCrete Road, north six miles from Chilliwack, and back again.

Police were notified Thursday afternoon that Mrs. Gleditsch had suffered a heart attack. Constable Glick and Game Warden Butler went out in their car but were unable to get through the snow-covered road. An attempt to use a toboggan to transport the ill woman was abandoned because of her critical condition. The constables then returned to Chilliwack to get a half-dozen to clear the road. They reached the farm house early in the evening. Two hours later they had taken the ill woman to hospital in Chilliwack. She was admitted at 9:30 p.m.

# Horse Addicts Get Lessons in New Class

By Patricia Clary  
Exclusive to the Bulletin  
HOLLYWOOD, Jan. 20.—(UPI)—Movie town now has the nation's first college for picking the Most Beautiful.

Every movie set is swarming with horse players. A veteran hand-picked has started the two-day-a-week to teach them why they lose their horses.

The general idea is that it takes an education to outsmart a horse—and even then you have to be lucky.

"There are definite and predictable factors a person ought to know before he picks a race," Ned North said.

"Plenty of guys have been losing their money over the mutual windows for 40 years, and they don't know that when a horse wins by a nose the rest of him wins too."

**CROWD CEASES**  
Broke and beaten track fans crowd into North's classroom, complete with college chairs and blackboard, to hear four professors lecture on blood lines, breeding, speed and pace. There are pictures of famous horses on the walls and a miniature race track for re-enacting the system of betting on horses.

After the 10-hour course, you'll be able to lose money like a professional.

North said his professors don't teach a system of betting on horses, but they do teach the rules of the game, including claiming prices, allowance conditions, weight scales, blood lines and past performance charts.

He insisted he is not encouraging gambling. If you can't pass an entrance exam that proves you're already an addict, he won't let you in. And what you do with your education is up to you.

"We promise nothing," he said firmly.

**CANT BE HURRIED**  
Army spokesmen said the small defending force had inflicted many casualties, because tactical concealment in the deep snow made their positions almost invisible. Both forces were clad in white camouflage uniforms over their special winter clothing.

Col. M. R. Dargen, commander of the exercise, said the winter fighting was full of surprises and demanded constant teamwork on the part of every man.

"Due to adverse sub-zero conditions and the ease of concealment, as well as the terrific administrative problems, snow fighting is something which can't be hurried," he said.

# Pearson in Pakistan For Trade Conference

KARACHI, Pakistan, Jan. 20.—(UPI)—Canadian External Affairs Minister Lester B. Pearson arrived here yesterday to look into the possibility of boosting trade between Canada and Pakistan.

Pearson and his staff en route home from Commonwealth Conference in Ceylon, said he would stay here two days before continuing the rest of his fact-finding trip through Asia and the Pacific.

He planned to concentrate today on trade talks with Pakistani officials, some of whom visited Canada recently for similar reasons.

The minister was met at the airport by a delegation of senior Pakistani government officials. He was the guest of Governor General Khwaja Nazim Uddin who invited him to come here before his return to Canada, expected about Feb. 1.

Pearson was expected to meet Prime Minister Liaquat Ali Khan today and attend a formal ceremony installing David M. Johnson

**Fat And Thirsty**  
HOLBORN, Denmark.—(UPI)—A fleshy man of this city, one a barber, the other a cab owner, waged as to who was the more corpulent. The barber won and was crowned the fatter. He is now suing the cab owner for his prize, 100,000 bottles of beer, valued at about \$5,000.

# See what happened in 1949 to families like these!

(A REPORT FROM THE LIFE INSURANCE COMPANIES IN CANADA)

**MEET THE BERTAMANS and daughter! Last year, life insurance helped put them both through college. For thousands of other Canadians, life insurance money made it possible to retire, travel, pay off mortgages or start new businesses.**

Last year, more than \$123 million was paid to living policyholders by the life insurance companies in Canada!

**Life Insurance Served Everyone in These Important Ways!**

**BUILDING FOR PROGRESS.** Last year over two million Canadians used life insurance companies to help them build a better future. They bought new homes, started businesses, and many other projects were completed, promoting progress and creating jobs.

**HELPING PEOPLE BUY HOMES.** Life insurance companies have helped many families buy homes. For those who bought new homes last year, the life insurance companies helped them pay for the mortgage. They also helped them pay for the furniture and other household items.

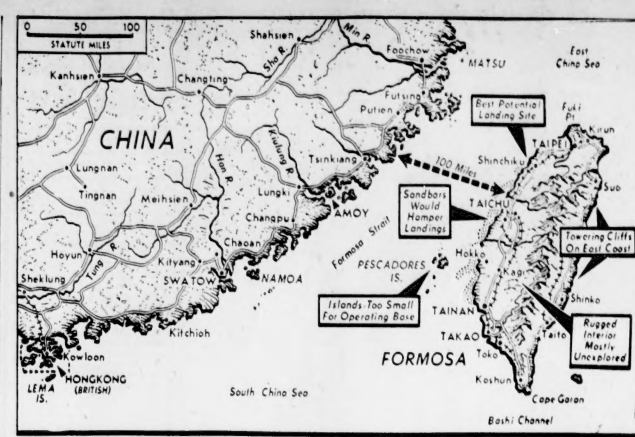

**ADDING THE WAR AGAINST DISEASE.** By not only helping people buy homes, but also by helping them pay for the mortgage, the life insurance companies have helped them fight the war against disease. They have helped them pay for the medical expenses of their families.

**IT IS GOOD CITIZENSHIP TO OWN**

**A useful citizen in your community**  
All the benefits of life insurance are founded on the work of the life insurance company representative. Thanks to his services, more than a million Canadian families had life insurance planned to meet their individual needs!

**NATURE WILL make it tough for any invasion party that tries to conquer rugged coastline of Formosa, little Nationalist island garrison off the main coast of China.**

Map shows treacherous coastline which combined with shifting sandbars make coast nearly impenetrable. —AP Wirephoto.

# Shipping Slump Hits Two Canada's Atlantic Harbors

HALIFAX, Jan. 20.—(CP)—A shipping slump, described by labor leaders as the most serious in 22 years, gripped Canada's two big Atlantic coast winter ports today.

Business was bad at both Saint John, N.B., and Halifax.

J. J. Campbell, head of Halifax's 2000-member Longshoremen's Association, said the slump reminded him of the depression years.

In Saint John, Richard Shields, president of a longshoremen's union, said the slump was the worst he has ever known in his 22 years of experience.

Port Manager Russell Yuill said the number of ships arriving and clearing was about the same as last year. But export cargo was falling off and many of the ships were carrying grain — and stevedores aren't needed in large numbers to load grain.

Mr. Shields said there was only about half as much work as last year. On the peak day of the winter season some 900 of the waterfront working force of 2,000 were out. But the average night shift has been only about 150, and the day shift has been even smaller. One night only 40 men found work on the docks.

**SMALL FORCE**  
Herbert Woodley, business agent for a freight handlers' union, said his union's average daily working force has been only about 150. There are about 630 freight handlers registered.

Many waterfront workers were reported looking for other jobs. Some freight handlers haven't had a day's work since the opening of the winter season. Scores of stevedores have been laid off for weeks before receiving a call for work. Many were registering for unemployment insurance.

**Nationalization Causes Little Surface Change**  
LONDON, Jan. 20.—(AP)—A British man may look at his pound note, observe that it is issued by the Bank of England, and get what satisfaction he can out of the realization that it is "his bank."

But that's about as far as nationalization of these enterprises goes in having any effect on his personal life. It's the same old sterling, and as far as John Clutter, an insurance broker in London, looks the same, he won't be any the less. He won't be any the less, he won't be any the less, he won't be any the less.

As for the Bank of England, the ownership change and nothing else, a treasury official said.

On March 1, 1946, the Bank of England went from government ownership after 225 years of private operation.

**Quebec Gets French Plaque**  
QUEBEC, Jan. 20.—(CP)—Municipal authorities today were presented with a bronze plaque from the town of Laon, France, in memory of Father Marquette, explorer of the Mississippi River in French colonial times.

The plaque was to have been presented by a group of French youth who followed the Mississippi route traced centuries earlier by Father Marquette.

The expedition reached destination but did not return here as scheduled.

# Biggest Air Year Is 1950 Forecast

Advance Bookings Indicate More To Travel; Fares May Be Cut

By Bert L. Marsh  
Special to the Bulletin  
MONTREAL, Jan. 20.—(UPI)—Advance bookings indicate 1950 will be the busiest 12 months in the history of air transport, Canadian and other international airline operators said today.

The operators based their forecast on reports of new or extended services operating from Canada to the Pacific, between Canada and the West Indies, across the Atlantic and elsewhere in the world.

**MAY CUT FARES**  
They also took into account drastic cuts in fares, some of them unprecedented in virtually any other form of transportation.

Some airlines were offering many and wide trips as domestic routes for about one tenth more than the normal international return fares.

Sir William P. Hildred, director general of the International Air Transport Association, said confidently "we have already begun to establish a new trend—far more people are now traveling by air out of many ports than by sea."

**EXCURSION RATES**  
"We hope also to be able to reverse an old one," said Hildred. British-born co-ordinator of plans and passenger-care organization for close to 70 of the world's airlines.

He said new low excursion fares from North America to Europe were giving people a chance to fly the Atlantic first class for as little as \$400 round trip from Montreal to London.

"We hope this will break the back of the seasonal winter decline in North Atlantic traffic," Hildred said.

Holy Year in Rome also means an unusually strong attraction for North American tourists. The lot of special tours, airline charters, flights and packages, all-expense trips to Italy and other parts of western Europe is almost as long as the route itself," he said.

**LESS RED TAPE**  
While the airlines were catering chiefly to people who wanted quick, more comfortable and cheaper air transport, a large-scale move was also underway to find out Canadian and U.S. tourists' preferences.

Commercial airlines and national

tourist groups, individually and collectively through their organizations, were making special efforts to find out exactly what phases of European life they were interested in. The North American mood and give him the best possible entrance.

"Because of the special nature of the jubilee year, the governments of Europe are doing everything they can to make it easy and pleasant for the tourist," Hildred said.

"The cutting of red tape is another trend which reflects the hearts of all airline people."

**Help Unrewarded**  
CHICAGO.—(UPI)—Delbert Jones, 21, got a broken leg instead of a reward when he tried to be helpful. A young woman dropped a watch down a subway ventilation shaft and asked Jones to help her find it because he had a flashlight. He started down a ladder in the shaft, slipped and fell 35 feet. The watch was not found.

# Agreement on Tax Vital Says Garson

## Important Matter To Be Dealt With at 11-Premier Meet in Fall

LONDON, Ont., Jan. 20.—(CP)—Justice Minister Garson said last night the federal and provincial governments must agree on a proper division of government functions and taxing powers.

He told London Junior Chamber of Commerce that "in the whole of Canada today there is not a field in which it is more important for the provinces and the Dominion to get together."

One of the purposes of the Dominion-provincial conference called for this fall will be to seek a proper division of government functions and taxing powers, he said.

Until agreement can be reached Canada would:

1. Have no national social security program.
2. Have no national investment program.
3. Still retain overlapping multiple taxation in certain provinces in the field of corporation taxes and succession duties.

4. Still have overlapping old-age pension administration.

5. Still have overlapping three-way responsibility for relief which in the depression of the 1930's was so disastrous to the municipalities and to the provinces.

6. Continue to lack coordination of the efforts of 11 governments to combat a depression.

TO DEVISE FORMULA  
Mr. Garson spoke earlier to a luncheon meeting of the empire club in Toronto. That speech was repeated here. It dealt with the recent Dominion-Provincial Constitutional Conference which appointed a committee to devise a formula for having the Canadian constitution amended in Canada.

That task, said Mr. Garson, "presents one of the greatest tests that the political acumen of Canadian public men has had to face."

## RUNAWAY BUS ON RAMPAGE

VANCOUVER, Jan. 20.—(CP)—An unattended empty bus slipped its leash tonight and did an estimated \$3,000 damage to the building it hit after rolling backwards a block.

The vehicle's brakes slipped on an incline. It just missed a police car and a woman pedestrian before smashing into a photography studio, moving it a foot off the foundations.

4. Still have overlapping old-age pension administration.

5. Still have overlapping three-way responsibility for relief which in the depression of the 1930's was so disastrous to the municipalities and to the provinces.

6. Continue to lack coordination of the efforts of 11 governments to combat a depression.

GERMAN MAIL, from German males pours into Nashville, Tenn., where Mrs. Gisela Evitta, assisted by Ruth Locke and Phyllis Hayes sort them to choose their correspondents. Under leadership of Mrs. Evitta, German war bride, many Tennessee girls have become interested in writing German men.

## Saar People Ask Autonomy Premier Says

SAARBRUCKEN, The Saar, Jan. 20.—(AP)—The premier of the coal-producing Saar today said his people want to continue on their independent way, detached from Germany.

Premier Johannes Hoffmann made the statement in the Territory's parliament, which has before it two bills to strengthen government machinery for internal security.

In Frankfurt, Konrad Adenauer, chancellor of the West German Republic, indicated that his government may ask for a referendum in the Saar on the future control of the region.

LONG A PAWN  
The Saar has long been a pawn between France and Germany. It became part of the French occupation zone after the Second World War. France brought it into a customs union in 1947 and later extended semi-autonomy to the 738-square mile border territory.

Hoffmann said the people of the Saar are behind him and his government in an effort to "rebuild our home destroyed through past folly."

"We will let no one intervene," he said.

The West German Republic claims the territory as part of its Father's Third Reich and charges France is carving off the Saar to prevent an accomplished fact before the peace conference.

## Milady Is Tapering-Off On Purchases of Costly Cosmetics

By James R. Nelson  
Special to the Bulletin

OTTAWA, Jan. 20.—(BUP)—There was good news today for Canada's menfolk. The ladies have apparently called a truce.

The Dominion Bureau of Statistics said production of cosmetics and other toilet preparations was down. It had been sliding since the peak year of 1946, when the girls paid out, perhaps, \$35,000,000 on these feminine necessities.

The production figures were one year old but the trend was definite. It rose through the war years from just over \$8,000,000 in 1938 to \$24,750,000 in 1946. Then it began to drop.

DBS said \$24,750,000 represented the value of toilet preparations at the plant. To be added to it was the spread between producer's selling price and the retail price. There were cases in which this spread was excessive, but a happy average might be 50 per cent.

The report contained just the cold, bare facts and figures. It offered no explanation. But this was the picture:

In the first place, over a third of the money spent by Canadians on toilet preparations went into the fancy jars, cans, boxes, labels and other packaging materials. At the peak, the industry spent close to \$10,000,000 on these packages, while it paid almost \$10,000,000 for labor, and another \$10,000,000 for supplies.

TALC IS TOPS  
The report, which covered such essentials as dentifrices as well as exotic perfume and toilet waters, revealed that the biggest single item in the supply list was ground talc. The industry used over 10,000,000 pounds of it at its peak.

Next to tooth paste and powder, the biggest selling item included toilet waters, colognes, and lotions of the alcoholic variety. Third on the list was almost creamy, cold creams, and other types of cream preparations.

Lipsticks were away down the list.

WOMEN RESIST  
That was the situation when the industry was at its peak. But happily, men, mildly shocked that industry listed the "happy resistance" in the past few years.

Overall production, with a plant value of \$24,750,000 at its peak dropped in 1948 to \$20,960,000. In 1948, the girls were still buying toilet waters, colognes and lotions to the extent of \$4,700,000, perfume at \$1,267,000, creams for \$2,000,000, face powders at \$1,750,000 and compacts to the extent of \$2,000,000.

So, while the situation might look brighter for the menfolk there was still plenty of cause for caution.

Canada's death rate for tuberculosis in 1948 was 37.1 for every 100,000 persons compared with 51.7 per 100,000 in 1927.

SINGING STAR Gordon MacRae and glamorous June Haver portray thrills and heartbreaks of show life in Warner Brothers' "Look for the Silver Lining" starting today at Capitol Theatre.

## Inside Hollywood

By Bob Thomas

HOLLYWOOD—(AP)—Probably no more than a handful of people will recall the 27th anniversary of Wallace Reid's death. But it was an event that shook Hollywood to its roots.

Wally Reid, a slim but rugged young man with a whimsical smile and a charming manner, was a brilliant star of the silent era. He died at his peak—in the midst of a dope scandal.

Reid never cared much about acting. Born in St. Louis, he became a reporter, civil engineer, cowboy and editor of a motoring magazine. He went into vaudeville and drifted to the movie studios in New York in 1910.

"I never wanted to be an actor," he said later. "I don't want to be an actor. The promoters liked the shape of my nose or something, and I was powerless to do what I wanted to do. But I can tell you this—they're not going to get away with it. They're not going to ruin my life the way they ruined my father's."

### FAME KNOCKED

His father was Hal Reid, author of melodramas. "He could have been a great playwright, but they wouldn't let him," said Wally. Fame had snared the actor after he had appeared in a fight scene in the "Birth of a Nation." He became a sensation and starred in picture after picture. Then fortune began to swing against him. He suffered a severe gas in the head while making a review of New York. But he continued making eight pictures a year and lived.

## Broadway Musicals Filmed For Capitol

A musical picturization of the career of Marilyn Miller, one of Broadway's greatest stars, is Warner Brothers' newest "Technicolor hit" "Look for the Silver Lining."

Starring June Haver in the Miller role, the film also includes Broadway's leading dancing star, Ray Bolger, who portrays Jack Donaghy, Marilyn's dancing partner in "Sunny." Gordon MacRae, leading screen and radio singing star, plays Frank Carter, Miss Miller's first husband.

The story tells of Marilyn's arrival at an early age in juke joints and saloons where she and the "Four Columbians" on vaudeville circuit. She becomes the fifth and is not long before she is starting in a Broadway musical comedy. From that point on singing and dancing to the music of the great composers, Marilyn Miller's starling hits sound like a review of the greatest productions by the great impresario.

The Warner Brothers' picture retains all of the flavor, music and atmosphere of the great show, and with lovely June Haver closely resembling the famous star, local moviegoers can see some of the best in motion picture entertainment.

"Look for the Silver Lining" starts today at the Capitol theatre.

## Spudnuts Are Now in Town In New Shop

Another in the rapidly growing series of Spudnut Shops formally opens Saturday, Jan. 21, at 8419-118 avenue, Edmonton, according to George Puckett, owner-operator. This is the first Edmonton Spudnut Shop in the coast-to-coast system now in 48 states in the U.S. and throughout British Columbia. Each shop is independently owned and operated under an exclusive franchise arrangement with Spudnuts Limited, 1207 - Burrard St., Vancouver.

"An outstanding feature of our opening day," said Mr. Puckett, "will be free Spudnuts and coffee from 2 to 4 Saturday afternoon."

"Spudnuts are made of a special blend of finest wheat flour, dried potatoes—from which the name 'Spudnut' is taken—milk, solids, whole fresh eggs and other vital ingredients—all mixed and blended perfectly to the secret 'Puckett process,' he explained.

"Spudnuts are 'raised' in a proof box, just like all finest pastries; then, they are cooked in an exact temperature in highest quality shortening, and finally, glazed sugar-coated or chocolate-glazed."

### Ambassador Dunn In Rome Meeting

ROME, Jan. 20.—(Reuters)—American ambassador James C. Dunn has possibly taken on his toughest assignment yet. He is to meet with the Italian foreign minister, the threatened expulsion of a group of American Protestants and missionaries from Italy, high United States and Italian diplomatic sources here said today. The 19 missionaries concerned belong to a denomination known as the Church of Christ and run an orphanage at Frascati, near Rome.

assured, "tell them, mama, I have won my fight—that I have come back." Then he fell into a lasting sleep on Jan. 18, 1923.

even faster. Late in 1922, his studio announced that he was sick from "overwork" and a bad case of "Klieg eyes."

Then the storm broke. It was revealed that dope was the real reason for the illness.

"More than two years ago all this 'rouble started,' said his wife, the former actress Dorothy Davenport. "It was after his accident. Wally became a different man—the smiling, happy boy I married. Whiskey, whiskey, whiskey, morning, noon and night was the program for months—and then drugs."

### THE END

"He told me he felt like there were great big lumps at the bottom of his head. He began using morphine to ease the pain."

The scandal rocked the country. Ministers were up in arms. Asked what he would do about the dope issue, film czar Will Hays said his foot into the carpet and said, "I would crush it like I would a flower picture. Then fortune began to swing against him."

He suffered a severe gas in the head while making a review of New York. But he continued making eight pictures a year and lived.

## Formosa Economy Being Weakened By Chiang Army

WASHINGTON, Jan. 20.—(BUP)—Secret reports from Formosa indicate the island bastion of Generalissimo Chiang Kai-Shek's Chinese Nationalists is in imminent danger of economic collapse, it was revealed today.

Chiang, who has been refused further military aid by the United States, is said to have retaliated by forcing from the island's factories by drawing material for his military machine.

Since Formosa's economy is supported by funds from the Economic Co-operation Administration, Chiang apparently has found an indirect way to obtain U.S. help for his 3,000,000-man army.

### King Improves

## Thrilling Western Comes to Rialto Screen

One of the roughest, toughest westerns, based on the actions of a real outlaw band, is Columbia's "The Doolins of Oklahoma."

Starring Randolph Scott, the story tells of a young cowboy who becomes an outlaw when his friends are betrayed to the U.S. marshals. He gathers around him the most desperate band of killers in the country, and begins a series of bank robberies and stagecoach holdups. Their way was unchallenged until U.S. marshals sweep into action and force the Doolins gang to take temporary cover.

Scott, meanwhile, had married and was reluctant to return to a career of outlawry, but the others forced his hand by exposing him as the notorious Doolin.

Their depredations were doomed as the marshals corner the gang in what turned out to be the Doolins' last stand. The large scale gun action between the marshals and the Doolins is a compelling climax. Assisting in show are George

Macready, Louise Allbritton, John Ireland, Virginia Huston and Charles Kemper.

"The Doolins of Oklahoma" began yesterday at the Rialto.

## Eastern Labor Council Offers Scholarship Plan

HALIFAX, Jan. 20.—(CP)—The Halifax District Trades and Labor Council today suggested a plan of national scholarships that would take in trade union members and members of their families.

## B.C. Growers May be Given Apple Subsidy

OTTAWA, Jan. 20.—(CP)—British Columbia apple growers who recently donated about \$1,000,000 worth of apples to the United Kingdom may be in line for federal government subsidies, Agriculture Minister Gardiner said yesterday. If the growers can show at the end of their annual operations that they gave the apples to the U.K. as an alternative to letting them rot in fields or in storage, they would appear to have a case for price support, Mr. Gardiner said in an interview.

He was questioned on that point following a press conference at which Mr. Gardiner announced terms of a new Anglo-Canadian cheese agreement.

**NONE TO DATE**

Mr. Gardiner said the government has a fund of \$200,000,000 set aside in 1944, for the specific purpose of maintaining market prices for farm commodities.

Some of the money was used to help negotiate an apple contract with the United Kingdom last year. East-coast producers received subsidies of \$1,500,000 in the shipment of \$3,000,000 worth of apples.

Apple producers have received no federal aid for apples so far this year, Mr. Gardiner said.

**Talk On Food**

LONDON, Jan. 20.—(Reuters)—Food Minister John Strachey today said that he had only referred to the food situation when, in a recent speech, he had said that the dollar crisis has been largely overcome. In a letter published in The Times, he also said that the general dollar problem is not yet solved.

The war of 1912, in North America, was ended on Christmas Day, 1914, with the signing of the Treaty of Commerce by Britain and the United States.

## Farm, Trade Experts See Crisis Looming

OTTAWA, Jan. 20.—(CP)—Canadian farm leaders and trade experts are striving to avert a growing agricultural crisis.

Even the announcement yesterday of completion of a \$21,000,000 cheese contract with the United Kingdom failed to appreciably lighten the feeling of pessimism in agricultural circles caused by recent United States actions affecting this country's farm export markets.

The latest blow, was the Washington announcement yesterday that the United Kingdom would not be allowed to use Marshall Plan funds for purchase of Canadian pork.

It followed by only one day the stunning blow dealt Canadian food export hopes by the U.S. decision to dump surplus American farm products on foreign markets at bargain-basement prices.

The United Kingdom recently agreed to defer part of her wheat shipments from this country and divert sufficient Marshall Plan funds allowed for the wheat purchases to buy \$17,500,000 worth of Canadian bacon this year.

The Washington decision not to allow Economic Co-operation Administration funds to be used for purchase of Canadian pork was seen as a threat to the 1950 Anglo-Canadian bacon contract. However, it was indicated that Britain will continue the contract, even if it means digging into "free" dollar reserves.

# Pose North Loop

When the hockey heads from northern Alberta and Saskatchewan get together this spring to discuss formation of Junior league, Lloydminster will likely play a prominent part in their discussions.

For Lloyd is a link between the two provinces and likely to be something of a vital cog in the tentative six-team circuit.

Other squads being considered as league centres are Saskatoon, Humboldt, and Prince Albert in Saskatchewan, and either Wetaskiwin or Vegreville, and two Edmonton teams in Alberta.

Formation of a Northern Alberta-Saskatchewan league would be less expensive than entering the Western Canada Junior Hockey league. And it would serve to balance out the western Canadian junior setup, which is currently centered in cities playing in the WCJHL.

**Ponoka Whips Imps In Overtime**  
STETTLETON, Jan. 20.—Al Shantz's goal in the overtime period gave Ponoka Stampers a 5-4 victory over Stettler Imperials here last night in a Central Alberta Hockey League game.

W. Jones also started for the Stampers scoring twice on the home club while Bumpie netted two for the losers. Other Ponoka markers were scored by Dave Shantz and Evans Jones. Huddleston and Fober accounted for Stettler's other scorers.

**CRACK CANADIAN** forward Gene (Ask-Ack) Achymishuk grins for Bulletin photographer Danny Scott after leading teammates to 7-5 junior hockey league win last night. Gene, currently pacing scoring race, punched home three goals and assisted in one more.

**South Side Comes Close But Canadians Win Game**  
By Ernie Fedoruk  
Gordon Pettigrew's cellar-dwelling South Side squad almost—but not quite—upset the apple cart, with the second-place Canadians in it last night.

However, Canadians took measure of the South Siders and dumped them by a 7-5 score in a Northern Alberta Junior Hockey League game at the Gardens.

Canadians were paced by Gene Ask-Ack's Achymishuk, presently the leading scorer in the NAJHL, who picked up four points. Achymishuk added three goals and an assist to his point total.

**IN FIRST FOUR**  
He figured in the first four goals which gave Canadians a big 4-0 lead. Canucks went ahead late in the opening stanza as the high scoring Achymishuk deflected the goal punch into the SS net at 17:30. Nineteen seconds later he passed to wingman Gord Dromovsky, and the latter made no mistake. The period ended with Conney Lefebvre's charges added by a 2-0 count.

Ask-Ack banged in two more markers within 10 seconds early in the second. The ball rolling for the Pettigrews with his goal coming from a scramble in front of Puck's cage. Ed John, Jerry Towle and Ralph Young notched the other markers for South Side.

**BEST OF SEASON**  
South Side, playing their best on Garden ice this year, weren't going to let Canadians walk away with the one. The defense was forward headed up hockey, the forwards were backchecking.

Backchecking. The fire in the SSAC was kindled, y'understand. Late in the second, Canadian defender Don Brown got a damper on the South Side fire by

breaking away and scoring the tie-breaking goal. The period ended with the Canadians having only one goal lead, score being 5-4.

Red McNeill, notched Canadian sixth goal only 45 seconds after the final period started.

Red Boutilier, on a play engineered by Ralph Young, closed the gap for SS with his goal late in the period. With seconds left, Pettigrew pulled McLean out of the nets and led six forwards, hoping to tie the game. This action backfired when Canadian Bill Hodgson scored the final goal of the game.

**LINEUPS**  
Canadians—Pondich, Myler, Huet, Bob Dunsmuir, Brown, Anderson, John, Towle, Lefebvre, Dromovsky, McNeill, Hodgson, Fraser, Atchymishuk.  
South Side—McLean, Boutilier, Towle, Lefebvre, Brown, Dromovsky, John, Towle, Huet, S.S. Young, Boutilier, Fraser, Dromovsky, Fraser, Huet.

## Damon and Pythias in Reverse

It wasn't that The Boy Promoter had blown his lid, exactly. But for sure he was screaming.

"You seen Goldstick yet today?" he wanted to know. I hadn't and I told Al Oeming so.

"Hardest guy I get hold of you ever saw," the rastlin maestro fumed.

For a couple of years now the alliance between this pair has been productive of some highly hilarious situations.

Loosely speaking (very loosely) Goldstick adds up to a go-between for Oeming and the press-radio bloc. And it's not a bad arrangement at all, except that promoter Oeming can't always find PRO Goldstick when requiring his services.

And that's the joker.

What with wet-nursing mile hockey players, promoting Golden Gloves shows and adjudicating the odd rasslin match, to say nothing of second-guessing Ducey and Wilkins at every opportunity, it's about all the Edson-nurtured Goldstick can do to make certain his own press relations aren't being jeopardized.

"Who's Oeming, anyway?" is his stock comeback if accused of not tending to business in that direction.

Bond between the blond promoter and his mouthpiece almost reached the snapping point just at Christmas.

It seems the latter, in an expansive mood, told Oeming not to fret his little head about a Christmas tree. "Just leave it to me," he boasted, "I'll get yuh one of the best."

In the back of the Goldstick noggin was a plan to snatch a friend's truck long enough to spend an afternoon in the countryside. He'd cut down and load onto the truck several trees. And what the heck — maybe he could take care of some more of those highly hilarious situations.

Accordingly he made the rounds of the little bluffs and high-hills hideouts. "I'll look after gettin' yuh Christmas tree for yuh," he whispered loathingly to a favorite or two in each place.

"An' don't worry. It'll be a good one. I know just where t' go."

So the days went along until but three or four remained before Santa Claus was due to take down at Edmont. By this time certain of the more squeamish of the scribblers were denying the story.

"Aw, what're yuh screamin' about?" Goldstick chafed them. "You'll get yuh tree . . . agood one, too."

Along about Dec. 23 our man, after considerable urging, did deliver a tree to a certain west-end home. It was promptly consigned to the waste paper basket. It was *THAT* small.

Well, to make a short story even longer, Oeming's favorite PRO failed to come through further, and so that there was a realising pang in the city and cry throughout the fourth-estate is to gravely understate the case.

By 6:00 p.m. Christmas Eve homes of two scribbles were on the verge of breaking up when irate wives discovered that a tree hadn't been nailed down. A third word-jockey, geared up to celebrate the Yuletide by popping the question, didn't even get a chance to until the evening of Dec. 26.

Foebishly, he had promised 'Goldstick's tree' to his fiancée.

But it was the gullible Oeming who went for the biggest rap of all. In fact, he says it was close to midnight Christmas Eve before he finally realized he had been taken for a ride and set out in furious mood to lay a tree somewhere on Whyte avenue.

As for Goldstick, he just sits there and smiles. "I'm as big a bodyguard for three or four days until the heat was off."

## 10,000 Customers See Mercurys Cage Lions

LONDON, Jan. 20 (CP)—The touring Edmonton Mercurys last night won a 10-8 thriller from Wembley Lions in a hockey clash free of penalties and studded with brilliant attacks by both teams. Some 10,000 fans screamed loudly throughout the whole 60 minutes.

It was the fifth victory in six games for the Edmonton squad. The Mercurys were held to a 3-1 tie by Wembley Monarchs in the previous game.

Glenn Young and Harry Allen scored three goals for Mercurys, now playing a series of exhibition games in preparation for the World Hockey tournament here next month.

LIONS STARTED IT

The Lions opened the scoring at the 16-second mark of the first period when Freddie Sutherland, a Wembley product, best goalie Jack Manson but Young sank Jim Kilburn to tie the score.

Eight minutes, a minute later Jim Kilburn passed out to the corner to Lee Louth, who drove the Lions' winning goal.

Mercurys, on, skated around him and fired into the empty net.

Allen potted Davie's rebound off the left goal post 48 seconds later.

Allen finished mark book with his second goal, winding up the first period scoring.

Sutherland set up the winning goal for Don Mann of Montreal, another Lion, after six minutes of the second period.

Then came the night's prettiest goal, when Doug MacKenzie bested his own rebound and the Billie Brown on the edge of the

crease. Dawe's shot nearly burst the net.

The Lions tied the score 4-4 at the 20-minute mark with a goal by Stan Dewey of Montreal.

ALLEN AGAIN

After 18 minutes, Allen broke through on the right wing and reloaded, but Yung paid off again.

Just 30 seconds later Young made the interval score 6-4 when he

beated home Davie's pass for a goal-mouth scramble.

Lion captain Don Thompson, of Inverness, Ont., reduced the margin to one with a goal in the first 10 seconds of the last period.

The Allen skated the length of the ice and, using Yung as a shield, pulled out MacKenzie and scored from close in.

Lee Annings of Ottawa scored the Lions' sixth goal 10 minutes later. Then MacKenzie picked the top left corner of the net with the brilliant shot 10 minutes later to make it 8-4.

The Lions tied the score again through a goal by Dewey 10 minutes later. Then MacKenzie scored the Lions' seventh goal 10 minutes later. Then MacKenzie scored the Lions' eighth goal 10 minutes later. Then MacKenzie scored the Lions' ninth goal 10 minutes later. Then MacKenzie scored the Lions' tenth goal 10 minutes later.

MacKenzie scored the Lions' eleventh goal 10 minutes later. Then MacKenzie scored the Lions' twelfth goal 10 minutes later. Then MacKenzie scored the Lions' thirteenth goal 10 minutes later. Then MacKenzie scored the Lions' fourteenth goal 10 minutes later. Then MacKenzie scored the Lions' fifteenth goal 10 minutes later. Then MacKenzie scored the Lions' sixteenth goal 10 minutes later. Then MacKenzie scored the Lions' seventeenth goal 10 minutes later. Then MacKenzie scored the Lions' eighteenth goal 10 minutes later. Then MacKenzie scored the Lions' nineteenth goal 10 minutes later. Then MacKenzie scored the Lions' twentieth goal 10 minutes later.

MacKenzie scored the Lions' twenty-first goal 10 minutes later. Then MacKenzie scored the Lions' twenty-second goal 10 minutes later. # The BAY Saves You Money in This Big ANNUAL FABRIC SALE!

On Sale For  
One Week!

Starting Tomorrow! Edmonton's Dominant Fabric Event! Thousands and Thousands of Yards in the Newest Spring Fabrics at Great Savings to You!

Mail and Phone Orders Filled While Quantities Last — Please Give Names and Prices of Fabrics.

## Manufacturer's Special! Quality Corduroy

A very fine, richly textured, firmly woven American Pin Wale corduroy. 600 yards of this better quality, long wearing cotton corduroy. Tailors beautifully into dresses, jumpers, skirts, suits, slacks, jackets and children's outfits. Bright red, Claret, Kelly green, Dawn grey, Baby blue, Smoke, Water green, Spruce and Aqua colors.

**2.09**  
Yard

## 1000 yds. American Checked Gingham

A favorite fabric for washable wearables! Checks of 1/4" in red, green, brown, blue and black with white ground. You'll find this makes inexpensive frocks for spring and summer. Special.

**66c**  
Yd.

## Reg. 3.98! All Wool Skirtings

Clearance of short ends of novelty all wool 9 oz. and 11 oz. skirtings—so much in demand by teen-agers and misses alike. 10 patterns. 54" wide. Special.

**2.77**  
Yd.

## Save! Imported Printed Seersucker

36" wide material with large floral designs. For spring and summer dresses, housecoats and so on. Choose now while assortment is complete. 15 new patterns. Special.

**79c**  
Yd.

## Sale! American Dotted Swiss

Fine muslin with Swiss type cotton dots. Colors are pink, white, blue and maize. 39" wide. For dresses, blouses and children's clothes. 300 yards only. Special.

**88c**  
Yd.

## Special! Crisp Printed Organdy

Eight new and distinctive patterns of dainty and sparkling, crisp printed organdy for blouses, children's party dresses and so on. 39" wide. Special.

**77c**  
Yd.

## Special Purchase! Rayon Spunsi

250 yards of floral spun rayon at a remarkably low price. Easy to launder and iron. Guaranteed washable. Perfect for dresses as it is crease resisting. 35" wide. 10 patterns. Special.

**66c**  
Yd.

## To Clear! Dainty Printed Dimity

New attractive floral and geometric designs in fine quality cotton material. So dainty for children's dresses, blouses, curtains and aprons. 36" wide.

**66c**

By Jack DeLong

A Great Guy 'Goes Home'

Bill de Graves went home yesterday. Bill was the big boss of The Bulletin newsroom for many years. Although Bill died in Ottawa I'm sure his thoughts were often of Edmonton people in the four years since he left for Canada's capital and a government job.

Bill hired me at The Bulletin in 1958. A young fellow starting at the newspaper game couldn't have a better boss than Bill de Graves.

He was at once both stern and kindly, aggressive but cautious. He always had the respect of his staff and with many of us our love and devotion as well.

The picture of Bill de Graves I will remember the longest was his reaction to the news of the Nazis smashing the Maginot Line in May of 1940.

It was the only time I ever saw Bill de Graves look worried. He turned to some of us reporters and said: "I think it's time to climb into the old uniform again."

A week later Bill was back in the army as Major de Graves. That was the way Bill met all the tough situations of life.

Bill was a great newspaperman, a gallant soldier and true friend to all who were fortunate enough to know him.

I'm glad Bill is coming back to Edmonton for his long rest. I'm sure he would want it that way.

A Hat for Goldstick

Cecil Goldstick of local wrestling fame is going to get a new hat given to him and he can thank me for it. During that awful cold of the last winter weeks I happened to observe in this column that I wished Cecil would wear a hat in the winter time. Now somebody has written Mr. "Haltless" Goldstick with an offer to buy him a chapeau "if you'll promise to wear it." The kindly gent added: "You make me shiver."

That cold appeal certainly caused folks to do a lot of funny things. For instance, printer Dave DeLong told me that his daughter Betty, opened a "On to Florida Campaign" right in the Duguid parking. Betty put a big nose on the mantle bearing this sign: "Drop donations in here for my trip to Florida." Papa Duguid reports funds aren't coming in as fast as Betty would like. Sixty cents was all she had at 5:47 p.m. yesterday. Put something in the vase boys.

A Friendly Letter

A nice friendly sort of a chap penned me a note the other day that read as follows: "Why don't you drop dead?" I'm going to answer my anonymous friend like this: "I don't know why I don't drop dead and I'm not going to work very hard at getting the answer either. I might find out to do it." Just the same I'm glad I don't live in Chicago.

War veteran medical student Ray Fleming is getting along just fine with his studies at University of Alberta these days but it wasn't always thus. When he started the halls of learning four years ago he applied in error to take both first and second-year pre-med courses in the one term. For three weeks the poor boy didn't get time to eat, he attended so many classes. Mistake was only discovered after Ray told one of the profs he was going to quit because the course was too tough. Ray was all set to join the RCMP when the prof told him not to.

A friendly goodnight to all and especially to people.

Taxi Bylaw Is Ready  
For Council's Review

City council's bylaws committee last night hammered the taxi bylaw into shape for presentation to council on Monday.

Ald. F. Armour Ford told his committee that he was in favour of the bylaw, but was authorizing a limitation on number of licenses it is limit is found none.

Committee members suggested one year's probation be specified for any new licensee granted under the bylaw.

Lions Live on Oliver Farm

THERE'S GOING to be a new kind of farm out Oliver way. A. Ody, operator of Leader Shows, will make winter quarters there along with his lions, bears, Roy Lisagar, Vegreville resident, who has spent four years

touring U.S. and Canada with animal acts, reached Edmonton yesterday after pleasant trip from Calgary with this lion. Another lion and bear enjoyed trip.

POWER USE  
SETS RECORD

Edmontonians are already well on the way toward a power consumption record that will eclipse last year's all-time high.

For the first two weeks of January, city consumption shows a jump of 12.7 per cent over the corresponding period of last year, according to W. J. McManis, power superintendent.

Oliver Area Farm Winter  
Quarters For New Circus

By BARNEY MCKINLEY,  
Bulletin Staff Writer

There are two genuine African lions right here in Edmonton today, genuine, foreign-born, King of the Jungle types.

The two, Tombo, and Nontina, a lioness, were delivered yesterday by professional lion trainer Roy Lisagar, a native of the Vegreville (Alta.) wilds, to A. J. Ody, who plans to give his newly-organized Leader Shows a premiere in Edmonton next spring.

Mr. Ody is using a farm three miles north of Oliver as winter quarters for the animals.

He already has another lion, a tiger and a leopard quartered there.

What's more, he says they are growing fatter for to come with the climate—just like native animals.

Stevenson got a ringling seal, \$5,000 yesterday, when trainer Lisagar landed him in the cage with the 500-pound seal.

It was much more exciting than when the volunteer put his finger in the bear cub's mouth—also at the photographer's behest.

The bear was one of three animals also destined for the winter farm.

One of the three animals would be here for another day, at least, while the road is being broken open to the farm, one-half mile off the highway.

And here's a tip for the kids: The car park is parked in a garage on 167 street and 164 avenue.

GET CHAIR, WHIP  
GOOD JOB IS OPEN

There's a job open at the Leader Shows' winter farm at Oliver. All you have to do is handle three lions, a tiger and a leopard.

Last handler quit after a lion picked him up by what is commonly known as the seat of the pants and carried him around a cage.

The fellow wasn't hurt but he lost interest in his work.

Jasper Lodge Program  
Awaits Ottawa Report

Program for Jasper National Park in 1950 will depend on the amount of money approved for spending on parks at the coming session of parliament, Jasper National Park superintendent G. H. Dempster said here today.

Chief project in the park last year was replacement of wooden trellis bridge over Fiddle Creek at season next spring. Pool is 100 feet long, six feet deep and will be completed by early April.

Highway work on the Jasper-Edmonton highway is being carried out by the Canadian Pacific Railway. The first section of the highway is being completed by early April.

Civic Board  
Seats Aim  
Of Leagues

Committees Seek More  
Direct Representation

Edmonton Community Leagues want more direct representation on civic boards such as the hospital, exhibition, health, board and library board.

Resolution was approved at last night's meeting of Edmonton Federation of Community Leagues, urging that city council inform the leagues of the status of all appointments so that leagues may have ample opportunity to review and recommend candidates for each board.

Many leagues were moved by President Phil Pepper of the Miramichi League when he was brought up by Mrs. Hagar of the Riverdale League.

Mr. Hagar pointed out that there are 23 community leagues representing all sections and classes of Edmonton's population. He felt the leagues were entitled to representation on boards appointed by council.

Also approved was a resolution urging city council to set aside three blocks on the proposed city centre site for permanent park space.

Park proposal was introduced by Mrs. Hagar, representing the Miramichi League. She said she had seen the site of the proposed park space and felt it was a good one.

The Federation has decided to have copies of the "Community Leagues" monthly newspaper published by the leagues, distributed through the mails.

A protest by Mrs. J. W. Merritt of Holyrood League, against the proposed health on garbage collection, was referred to the committee for further discussion.

It will give a better summary of the work of the leagues and the work of the city council.

Mr. Hagar also said that the leagues were entitled to representation on boards appointed by council.

Also approved was a resolution urging city council to set aside three blocks on the proposed city centre site for permanent park space.

Also approved was a resolution urging city council to set aside three blocks on the proposed city centre site for permanent park space.

Park proposal was introduced by Mrs. Hagar, representing the Miramichi League. She said she had seen the site of the proposed park space and felt it was a good one.

The Federation has decided to have copies of the "Community Leagues" monthly newspaper published by the leagues, distributed through the mails.

A protest by Mrs. J. W. Merritt of Holyrood League, against the proposed health on garbage collection, was referred to the committee for further discussion.

It will give a better summary of the work of the leagues and the work of the city council.

Mr. Hagar also said that the leagues were entitled to representation on boards appointed by council.

Also approved was a resolution urging city council to set aside three blocks on the proposed city centre site for permanent park space.

POTENTIAL THEATRE STAR Lois Enright will portray role of Frida in Studio Players' production of Henry IV for drama festival next week. Feature of production is striking life-size portrait painted by H. G. Glyde. Play will be staged at Convocation Hall Thursday.

## Gala Party Plans Ready for Festival

Visiting dramatists expected in the city next week for the Provincial Drama Festival will be royally entertained. Dr. and Mrs. C. J. Walker were host and hostess at a reception at their Saskatchewan Drive home following the Friday performance. Visitors, play casts, local executives will be among the 70 guests. Maxwell Wray, festival adjudicator, will be present.

Saturday evening Dr. and Mrs. John Macdonald will entertain more than 100.

In charge of arrangements for parties are Mrs. Kenneth Saunders, Mrs. John Battersby, Mrs. Farrah Howarth and Mrs. Adolphe de Bruijn.

## Professional Women Entertain

Honoring Miss Hilda Henson of Winnipeg, 20 members of the Business and Professional Women's Club entertained at dinner at the Macdonald hotel last night.

Miss Henson is chairman of the international relations committee of the national PWG and is planning and conducting the tour for Canadians at the international convention of the club in London next August.

Mr. Colin Campbell, president of the Edmonton club, was hostess for the occasion and other guests included the club executive, past presidents and members of the club who will go overseas to the international convention.

BANQUET Honoring Miss Joyce Fielder, bride-elect of this month, was held recently at the Masonic Temple. The twenty-one guests present were staff members of the Department of Transport.

Gift of silverware was presented to Miss Fielder during dinner, and later a champagne was held.

SURPRISE PARTY was held recently at the home of Mr. and Mrs. Wilfred Haight, 1012-89 Street, on the occasion of their silver wedding anniversary. Silver tea service was presented to them from the friends and relatives present.

Toast to the couple was proposed by James Hunter, Mrs. C. Prather and Mrs. James Hunter were hostesses for the evening. Instrumental and vocal solos were presented by Mrs. O. Hand and Mrs. W. Fraser.

IN EDMONTON for the day is Miss Anna Albrecht, who arrived some time ago from Hungary aboard the Aquitania. She has been visiting in planning for some time and leaves tonight for Toronto where she will make her home. She is a guest at the Macdonald hotel.

MEMBERSHIP in the Edmonton General Hospital Alumni Association will be held at the Seven Seas Wednesday at 7 p.m. President Mrs. J. Foykowski will receive. Miss Helen Barnes, chairman of the Standing Committee, is in charge of arrangements.

Reservations are requested at the hospital postoffice not later than Sunday.

VISITING here from Syracuse, New York is Miss Mary McPherson. An air stewardess for Colonial Air Lines, Miss McPherson arrived in the city by plane. She is guest of Mr. and Mrs. T. J. Healy while here.

Before returning to her home she will stay here later Mrs. Laila Foykowski in St. Paul.

Blackburne United Church Women's Guild will be held at home of Mrs. N. Blackburne, 144 St. George Street, on Friday at 7:30 p.m.

## Major U Functions Jam Campus Week

Cocds Take Initiative Tomorrow For First Day of Waw-Waw Frolic

Big week-end is in store for students of the University of Alberta, as three major functions coincide.

### Drama Festival Attracts Attention Here Next Week

Attention of theatre-minded Albertans will be focused on Edmonton next week when the Provincial Drama Festival opens at Convocation hall.

Three full-length plays will be presented in competition. Winner will represent the province in the Dominion Festival in Calgary in May.

Carrying Edmonton's hopes will be Studio Players' production of Henry IV by the modern Italian playwright, Ibsen. It will be staged Thursday. Other plays will be Friday, Saturday.

Play is directed by Professor Robert Orchard and Elizabeth Stirling Haynes. Cast includes Mrs. A. R. Laycock, Miss Lillian, Mr. Orchard, Robert Orchard, Henry Kreisel, E. S. Keeney, Brian Hosking, James Linn, Charles Skelton, Gordon Brown, Jack Yates, David Pomeroy and Ted Sheehy.

### Trinity Guild Elects Officers

Mrs. A. T. Livingston was elected president of Trinity Parish Guild at the annual meeting held recently at the home of Mrs. G. G. Reynolds.

Reports presented showed an excellent year's work in 1949. Substantial contributions of money and furnishings were donated to the new parish hall.

Other officers elected were Mrs. W. L. Nelson, honorary president; Mrs. W. L. Nelson, honorary vice-president; Mrs. B. Rich, past president; Mrs. D. J. Tevendale, vice-president; Mrs. G. G. Reynolds, secretary; and Mrs. H. E. Balfour, treasurer.

Cocds will observe "Waw-Waw" tomorrow by treating their favorite exerts to coffee, theatre and bowling dates.

Candlelight supper in the 19th century costume has been arranged by the Students' Council, and will be followed by an informal dance in the Varsity gym. All-night entertainment will be featured at the latter, with residence students, nurses and fraternity girls taking part.

Partnerships will be Mrs. H. T. Sober, Mrs. M. H. Seagull and Mrs. W. H. Sall.

BACKSTAGE WORK In charge of arrangements are Miss Pauline Stenstrom and Miss Jean Cox.

Miniature symphony and blue and white decorations will add a festive note to the dining room of Athabasca hall tomorrow evening, when Household Economics students and their partners attend the annual semi-formal "waw-waw."

About 100 couples will be received by the patronesses, Mrs. C. F. Bentley, Miss Mabel Parikh, Miss Hazel McIntyre and Miss Vivian Katerine.

Miss Patricia Seiden is in charge of refreshments and decorations are being looked after by Miss Margaret Hlauser.

Athletic teams, comprising about 100 students from the University of Alberta at Calgary, will arrive in Edmonton tonight, to take part in "Exercise Lido."

### Miss Copithorne To Be Speaker At WMS Presbyterial

Miss Ann E. Copithorne will be guest speaker at the annual meeting of the Women's Missionary Society of the United Church of Canada, which will be held Feb. 8 in Metropolitan United Church.

Further details will be announced later.

NEW PRESIDENT OF Progressive Conservative Women's Association is Miss Hilda Henson. She was elected at the annual meeting last night.

### Installation Of Officers Planned Mon.

Installation of officers will take place at the regular meeting of the Army, Navy and Airforce Veterans Ladies' Auxiliary Monday at 8 p.m. in the club room, Church Hill building.

Mrs. C. Freeman, who has been president for two years, will be succeeded by Mrs. I. D. Campbell, 1960 president-elect.

Other new officers are Mrs. A. Stephenson, first vice-president; Mrs. A. White, second vice-president; Mrs. H. McIntyre, secretary; Mrs. D. Weeks, treasurer; Mrs. K. Dunbar, social convener; Mrs. E. Bone, hospital; Mrs. A. White, luncheon; Mrs. L. Smith, membership; and Mrs. J. L. Hollinshead, publicity.

## New President Named At Annual Meet

Mrs. Lambert Walker and Miss Hilda Henson were guest speakers at the annual meeting of the Progressive Conservative Women's Association last night.

Mrs. Florence Macdonald's election as officer of president was a major highlight of the evening's program. Making was held at the Masonic Temple Library, Mrs. Frank Newson, DAW president, conducted the meeting.

Organization work, in Canada and England, was discussed by the speakers. Miss Henson spoke of tentative plans for a membership drive to take place in the coming term.

Mrs. George Drew was named honorary president.

Other officers elected include Mrs. Daniel Haddock, vice-president; Mrs. Donald Macdonald, vice-president; Mrs. Donald Macdonald, secretary; Mrs. George Johnston, treasurer; Mrs. Blue Macdonald, social convener; Mrs. Bruce Smith, press; Mrs. Hilda Henson, telephone convener; Mrs. F. A. Mercer, county committee.

Local Council of Women representative will be Mrs. J. J. Armstrong. Executive members include Mrs. J. A. Buchanan, Mrs. A. J. Wolfe.

### Whist Drive

King Edward Park Community League will hold a whist drive in the community hall Saturday at 8 p.m. Hall is situated at corner of 84 Street and 46 Avenue.

Alberta Avenue Community League will hold a whist drive and dance at the Community hall today at 8 p.m. Prizes and refreshments will be offered.

NEW TERM president of Kiwanis Ladies' Club is Mrs. J. W. White. She was elected at club annual meeting held recently.

### Calendar

ARMY, NAVY and AIRFORCE VETERANS Ladies' Auxiliary regular meeting Monday at 8 p.m. in the club room, Church Hill building.

ST. ISIDORE Women's society regular meeting, tonight at 8 p.m. in the church hall. Good attendance is expected.

## Presbytery Plans Annual Meeting Sessions Wednesday

Miss Ruby Walker will be guest speaker and discussion leader when Edmonton Presbyterian Presbyterial holds its annual meeting Wednesday.

Sessions will be held at 8:15 a.m. at the Presbyterian Church at 9:45 a.m., 1:45 p.m., and 8 p.m. Luncheon and dinner will be served.

Miss Walker is regional secretary of Manitoba and Saskatchewan Women's Missionary Societies.

Rev. Ian McEwen will install new-term officers.

Young Women's department will be in charge of evening session arrangements.

### Limited Production

A small area on the North American continent, which includes southern and eastern United States and neighbouring southeastern Canada, is the only region in the world which produces maple sugar.

## Designer Deplores Fashion Foolishness

Norma Hartnell Seeks Simplicity; Plans Slender Colorful Springwear

LONDON, Jan. 20.—(CP)—One of Britain's top designers has but a single word to sum up what he thinks of women's fashions at the moment—turnout, simply turnout.

Norma Hartnell, the man who designs court ball gowns for royalty, is in revolt against what he describes as these "crazy days of fashion when any style and skirt length is fashionable."

He hopes he'll be able to do something to change things in 1950. The purse now seems the guiding principle and he predicts style will be more slender, daytime clothes more simple.

"The time of frivolity in women's fashions went out with the fall in bank balances. Women must live according to their means which brings 'separates' into the forefront of fashion."

"A good basic garment made of separate pieces, combined with changeable accessories, can fulfil so many of today's necessities."

MID-CALF LENGTH  
"Clothes for the spring must have freedom of movement with simplicity of line. Length will be mid-calf or just above. Shoulders will be softly padded giving a square top to offset the slimness of the waistline."

"Jackets will be busy with fullness gathered by a waistband accentuating the natural waistline. Skirts will be classic in line. Necklines will remain the most notable feature of dress design."

"This year I want to use color in spring dresses because this dress line needs a little color."

SHARP CONTRASTS  
"Plain dresses will have sharp contrasts and muted colors will be widely used in many shades of green and blue-grey. Jackets will include new shades of green, blue and mauve," Hartnell says.

Hartnell was glad to hear that most of London's restaurateurs have dropped their ban on evening hats.

But he says, as an "economical" and worthy bid to be gay and even if you cannot afford a glamorous dress, you can perhaps indulge in a little fascinating nonsense of your head."

## Smuggled Nylons Hidden in Books

JOHANNESBURG.—(CP)—Nylon stockings may not be by law sent out of South Africa, but postal officials say that large quantities are being smuggled out between the pages of magazines or books.

The books are always wrapped so that it is difficult to detect the stockings.

## Adoption Secrecy Foils Blackmailers In New British Law

LONDON.—(Reuters)—Persons who adopt children in Britain will no longer be able to be sued by the blackmailers for hush money.

The adopters are now protected by new rules which came into force Jan. 1 and which enable them to keep their identities secret.

Persons who adopt a child in future will be given a number which will be used in court hearings thus foiling blackmailers who in the past have extorted hush money from a couple by threatening to tell their adopted child who its real parents are.

Anyone wishing to adopt a child need not be seen in court by the mother, applications for an adoption order are to be heard in camera; all documents must be confidential; guardians are ordered to maintain secrecy.

## Basic Black Is Best Buy

Despite all of fashion's efforts this winter to deck women in bright colors, style advisers still claim a basic black frock is the best buy for a limited budget.

It can be kept quiet, or made lively by addition of clever and inconspicuous accessories.

The simpler the dress, the better the choice. It will retain its classic lines for many seasons; it will be easier to adapt to current vogues.

A good black dress will take repeated dry cleaning without wilting.

Unrelieved black, however, is too dreary. Flattering but black with splashes of color, print, or white frosting introduced for its enlivening effects, is radiantly in fashion.

A touch of color need not be limited to a hanky pinned to a pocket. Nor does jewelry for black imply a single clip at the neckline, or a string of pearls.

Spiritless additions are belt and necklines of leopard print, a small two-line brooch is used to carry color close to the face; a full iron sheer apron or overskirt is the one for a redemptory; a fake fur vest, or a heavy gold chain wrapped around the waist.

Black is a happy choice for one more sound reason—it's slenderizing. It minimizes pounds, and that's always good news to the die-hard woman who wants to look like a size 12.

## CHIVED PARLEY

Mix 3 tablespoons chopped parsley and 1 teaspoon chopped chives. Serve on all soups, hot or jelly.

## Broken Homes Caused By Nagging Wives

NEW YORK, Jan. 20.—(AP)—Lipstick smeared, or reasonable families thereof, are the reason one out of 10 husbands desert their families.

Dan Eisenberg, whose bread and butter comes from teaching nursing, estimates that in the last 25 years he has supervised the search for some 20,000 persons of which 35,000 have been husbands who walked out and didn't come back.

Eisenberg has evolved a theory about lipstick stains and marriage. He says, "It is this."

NOT CHERRY PIE  
The wife finds something reasonable to nag her husband about, or hankiechief. Instead of confronting him with her real or imagined evidence and clearing up the matter, she builds up an empire of papp's extra-curricular interests. Ergo, she becomes a nag.

First thing you know, the mail isn't taken, it's not done and there's another deserted wife.

Eisenberg said 100 per cent of deserted wives immediately suspect another woman in the case, but "I say they were right about half the time."

Of course there are errand husbands who really depart because of another woman—and stay gone—"from my observation, I'd say 10 per cent of the time."

It can be kept quiet, or made lively by addition of clever and inconspicuous accessories.

There was the case of Mrs. L. Eisenberg recalled. Red smears were showing up with suspicion and alarming regularly on her spouse's shirt cuffs and handkerchiefs. Mrs. L. instead of saying "how come?" took to making side remarks.

Finally, Mrs. L. hit out for parts unknown. Mrs. L. hid herself to Traeger Company, Eisenberg's outfit, with divorce on her mind.

The mystery was quickly cleared up. Mr. L. worked with red pencil in his office, and he was a confirmed pencil chaser. All it was in the L. family now, Eisenberg says. Mr. L. now chews a blue pencil.

ALL-BRAN

Mother Knows Best!

## Children Delinquent While Mom Works

LEEDS, England.—(CP)—A study of a group of delinquent children showed that the mothers of 34 per cent of the delinquents were women holding full-time jobs.

The study was made by Prof. D. R. MacGillivray, Leeds University psychology professor.

"The mother is the centre of the family and if she is absent I do not see how the family can survive," he said.

## British Choir Have Canada Booking

LONDON, England.—(CP)—Lester Glick, leading British glee club group, will open its North American tour April 18 in Quebec City. Other dates: Ottawa April 19; Montreal April 20; Kingston, Ont., April 21; Toronto April 22, and Hamilton April 24.

## GOOD! GOOD! BRAN MUFFINS WITH RAISINS

- No creaming, no egg beating—just one easy mixing! Makes one dozen.
- 1 cup All-Bran
  - 1 cup milk
  - 1 cup sugar
  - 1 egg
  - 1 cup raisins
  - 1 cup cooking oil
  - 1 cup baking powder
  - 1 cup cottage cheese
1. Combine All-Bran and milk in mixing bowl.
  2. Add together flour, baking powder, sugar, egg, raisins, oil, and cottage cheese. Mix well.
  3. Fill greased muffin pans 3/4 full. Bake in preheated moderately hot oven (375°F) about 25 minutes. Makes 12 delicious muffins.

## Police Check All Boston Underworld

Entire Metropolitan Force Pressing Clues In Holdup

By Leonard Zahn

Special to the Bulletin

BOSTON, Jan. 20.—(UP)—Underworld figures hastened to clear themselves of suspicion in the \$1,500,000 Brink's, Inc. holdup today as G-men and other law enforcement officers met to map strategy in the hunt for the nine robbers.

Twelve criminal, one a Sing Sing alumnus with a record dating from 1916, were placed in a police lineup as possible suspects in Tuesday's spectacular holdup of the armored car transportation service office. No real clue developed.

The 32-year-old Sing Sing graduate, a former New Yorker, now living in East Boston, was one of those who volunteered to be viewed.

Another was a 35-year-old Thorton man with a criminal record who said he read of the holdup while attending a relative's funeral at Boston E. A. Snowy.

COL. J. C. HODGESON, U.S. Air Force.

### Visits Edmonton

A representative group of U.S. embassy officials paid Edmonton a "Flying Forties" visit yesterday.

Col. Jack C. Hodgeson, U.S. Air Force, who is in charge of the U.S. Air Force's current tour of duty in the North Atlantic, arrived in Edmonton yesterday.

### BOW LOW

Jap Commies Change Mind, Obey Moscow

TOKYO, Japan, Jan. 20.—(UP)—The Japanese Communist party gave up its fight with Moscow today and knuckled under to the Communists.

Communist leaders here issued a formal announcement saying they had ended in delaying a revolution against the American occupation of Japan and promising to "line up" to the expectations of the international proletariat.

The party's non-revolutionary policy, announced recently, had drawn heavy criticism from Moscow and from Beijing, capital of the Chinese Communists.

It was made public by Kamei Noriko, Japan's second-ranking Communist and longtime associate of Chinese Communist leader Mao Tse-tung. There has been no indication that disciplinary action would be taken against Kamei.

## 'Most Powerful Fighter' Planned and Built in Canada

TORONTO, Jan. 20.—(CP)

phone the Avro CF-100 will put Canada in the lead as far as aircraft of this particular type are concerned.

"No nation has set in service a fully-automated, all-weather, long-range jet fighter, and this is the type of aircraft for which the Avro CF-100 has special need."

The plane was flown by W. A. (Bill) Waterston of Edmonton.

The flight was witnessed by Defence Minister Claxton and Air Marshal A. M. Curtis, chief of air staff for Canada.

Waterston, loaned to the A. V. Roe Company by Glanier Aircraft for the test, said after he and the sleek black twin-engine craft downed on the runway: "She handled extremely well. Avro Canada seems to have overcome many points of criticism in existing fighters."

The plane was powered for the flight with Rolls-Royce Avon engines but will be equipped later with Canadian-designed and built Avro-Orenda turbo jets.

View-Marshal Curtis said "we

### New Minister At Strathcona

Over 70 members of the congregation and guests last night attended induction ceremony of Rev. Jan P. McEwen, B.A., to the pastorate of Strathcona Presbyterian Church, which has been vacant since the departure of Rev. J. Herby last June.

Rev. Macleath Miller, minister of First Presbyterian, gave prayers and scripture reading. Rev. John Kelman, minister of Westmount Presbyterian, outlined the steps leading up to the call, and the sermon was preached by Rev. W. L. Clegg, minister of St. Andrew's Presbyterian.

Mr. McEwen is a graduate of Toronto University and Knox College. He has been in the charge of St. John's, Alta., for the past eight years. Mr. McEwen, his wife and child, will take up residence in the manse at 104-40th avenue.

At the social evening following the ceremony, J. Fraser extended welcome on behalf of the congregation. Greetings from the United church were voiced by Rev. D. C. Ramsey, minister of Garrison United, and from the Baptist church by Rev. G. M. Edwards, minister of Strathcona Baptist. Rev. W. N. Nalby was representative from Holy Trinity Church.

### Canadians Get Reverse

Canadian juvenile squads suffered a double loss last night as EAC's "B" team, 8-0, and Maple Leaf 5-1 defeated their A and 4-1 in two Edmonton Junior Hockey League games at Stadium and Eastwood rinks.

Gene Brian and Gene Sykes spearheaded EAC, each scoring twice. Other EAC markers were scored by Ron Tremblay, Ed Zelenak, Jim Dryden, Dick Day and Stu Jim.

Larry Hodgson chalked up his second win in two consecutive nights of goal tending.

LaPlante pulled third shift task for the Maple Leaf B squad as he counted three of their four markers. Leaf's other goal was scored by Hamilton, while Griffin-Bose netted the only counter for Canadian 4-1.

### A-C Hendricks Takes Over New Position

WASHINGTON, Jan. 20.—(UP)—Air Commodore M. St. Hendricks, former Senior Air Staff Officer of the RCAF's Northern Air Command at Edmonton, will assume new duties today as air attaché of the Canadian Embassy and Air member of the Canadian Staff here. He succeeds Air Commodore H. C. Gordon, appointed officer commanding the Maritime group of the RCAF with headquarters in Halifax.

Winnie came back early after Prime Minister Attlee's announcement of Feb. 23 general election, and immediately began rallying forces for Tory sweep to power.

—AP Wirephoto.

distances from its base and under adverse weather conditions.

It will complement the F86 single-seater day fighter being built by Canadair in Montreal. The F86 will have a greater speed and rate of climb.

DESIGNED IN 1945

The CF 100 has a wingspread of 32 feet, built to RCAF specifications. Overall length is 32½ feet and is 10 feet, seven inches from the ground to the chin-top. It has twin jets close to the fuselage and tricycle undercarriage.

The prototype which was flown today is the result of plans formed in 1945. Work was begun in 1946.

It was designed to meet definite requirements of joint Canadian-American defense plans. The CF 100 carries a crew of two. It is an out-duplicating aircraft manufacturer designed as an interceptor at long range programs elsewhere.

# U.S. Technical Aid Asked For Chiang

## Wife of Nationalist Chief Declares Troops Not Needed

By Arthur Gould  
Special to the Bulletin

TAIPEI, Formosa, Jan. 20 (AP)—Madame Chiang Kai-shek today asked the United States to send a military mission, but no fighting troops, to help the Nationalist government in its battle against Communism.

Madame Chiang, breaking a week's seclusion after her return from the United States, said she herself was prepared to devote all her energies and abilities to what she described as "the spirit of resurgence of the Chinese people."

For her first statement since her return from 15 months in the United States, Madame Chiang received the foreign press in her residence at the Grand Mountain retreat of the generalissimo outside Taipei.

She said she hoped the American people would come to realize that "had it been Communism alone we could have fought it—but it is Russian Communism we are fighting."

**TROOPS NOT NEEDED**  
Eloquent, and at times emotional, Madame Chiang emphasized that her U.S. policy decisions based on the idea that the Nationalist government wants American troops sent to Formosa is a great mistake.

"I know the American people do not want to go to war," she said. "Nobody wants to see American soldiers. That's not the question. China has not asked for American soldiers. We have enough manpower. We have made that clear."

But, she said, it would be a great advantage if the United States would send technical aid to help the Communists.

**Edson Plans Ice Carnival**  
EDSON, Jan. 20.—"Musical Mary" is the title of ice fantasy which Edson Figure Skating Club is presenting in the 12th annual ice carnival.

Production plans have been assigned to Mrs. Laura Mahon and Mrs. Mary McKeever, who has raised at Glenora Club in Edmonson, will commence instruction as soon as weather permits.

Organizations and citizens are urged to select their queen candidates as early as possible.

**Veteran High In Playdowns**  
VETERAN, Jan. 20.—Rink composed of Wan, Kella, McDonald, M. Henrick and Ed. Fisher will enter the provincial high school playdowns for the Taylor-Pearson-Carson trophy. Next round will be played at Coronation Saturday.

Melvin Henrick was the first event in school basketball, with rink led by Canadian what carried by Dorothy Vetter taking the second event.

**Garage Saved**  
VETERAN, Jan. 20.—Quick action by volunteer fire fighters extinguished a blaze which threatened to destroy both garage and car belonging to Henry Davis.

Cost will number 35 including a chorus of 15 voices. Dinner ensemble under the direction of Ruby Jones, while accompaniment is Lily Cusack and Lyle Comfort.

Principals in the cast will be announced next week.

# U.K. to Take All of Bacon In Contract

LONDON, Jan. 20.—(CP)—Britain will go through with her 1950 contract for 600,000 pounds of Canadian bacon whether or not she can use Marshall-plan dollars to make the purchase, a treasury spokesman said today.

Commenting on a Washington report that the Economic Co-operation Administration may try to use of ECA dollars by Britain to purchase Canadian pork products because of an American surplus, the spokesman said this announcement was not unexpected.

"But we always put our existing contracts before any provision on the use or non-use of Marshall aid dollars and if aid funds cannot be used then it's our problem to find them," he said.

The spokesman indicated that Britain would take funds from her vital dollar pool if necessary to go through with the Canadian bacon contract.

The contract is for 600,000 pounds of Canadian bacon at 20 cents a pound. It was concluded through arrangements to defer the proportion of Canadian wheat deliveries and use the money to finance bacon purchases. Britain is using \$175,000,000 of Marshall-plan funds to purchase a major portion of her Canadian wheat imports in the current crop year.

# Bills Ask Franchise Approvals

Two Alberta gas companies will introduce private bills at the February session of the legislature to ratify existing agreements to supply several Alberta towns with natural gas.

Canadian Western Natural Gas Company Limited will seek an act to ratify agreements to supply gas to the villages of Bowden, Burdett, Caylor and Coalville for a 25-year period.

Northern Utilities Limited will seek a similar continuation of agreements to supply natural gas to the town of Fort Saskatchewan and villages of Bitter Lake and Blackfield. These agreements are also on a 25-year basis.

**New President  
For College**

RED DEER, Jan. 20.—(AP)—The new president of the Red Deer College is Dr. E. E. Martin, formerly of Alberta, who resigned last August. The new president was elected at the first meeting of the board of trustees at the college in Red Deer.

**Red Deer Flying Club  
Increases Activities**

RED DEER, Jan. 20.—An increase in club activity is reported by the Red Deer Flying Club. Six Red Deer students are now taking flying lessons at the Penhold airport.

One student, Walter Lee, has already soloed, and the rest expect to be ready for solo flights shortly. In accordance with new department of transport regulations, a minimum of ten hours ground schooling by a competent instructor, must be given all students before examinations can be taken for a flying license.

Red Deer club has engaged the services of the Chinook Flying School of Calgary for instructional duties.

Ground classes will be held Saturday evenings from seven to nine at the Penhold Hotel. Flying days are Saturday and Sunday.

**Garage Saved**

VETERAN, Jan. 20.—Quick action by volunteer fire fighters extinguished a blaze which threatened to destroy both garage and car belonging to Henry Davis.
